TOKYO
METROPOLITAN
UNIVERSITY

Special Selection for Overseas Students
[For Applicants living outside Japan] (Recommendation from partner institution)

This is the special selection for foreign students （i.e. having a nationality other than Japanese） who are living abroad as of May 1, 2026, and are able to obtain a recommendation from the president or dean of the university from which they graduated or the institution with which they are affiliated, — and which has research exchange activities with the Graduate School of Urban Environmental Sciences, Tokyo Metropolitan University—, and hope to study in the Master's program in the Graduate School of Urban Environmental Sciences, Tokyo Metropolitan University.

1 Number of students to be admitted

Department of Civil and Environmental Engineering Limited

2 Eligibility

To be eligible to apply, you must satisfy conditions (1) to (7) below:

(1) Have foreign nationality and be living in a foreign country as of May 1, 2026 (limited to students coming to study from overseas).

(2) Have completed 16 years of institutional education in foreign country and have been awarded a degree equivalent to a bachelor's degree. Alternatively, having been screened individually for entrance at our graduate school and been deemed to possess academic ability equivalent to that of a person that has graduated a university, or higher, and will reach the age of 22 by the time of admission.

(3) Will have a visa with which admission to the university would not be in violation of the Immigration Control and Refugee Recognition at the time of entry to Japan.

(4) Be mentally and physically sound enough to pursue coursework and research at the university.

(5) Have sufficient communication skills in Japanese or English for pursuing study and living in Japan.

(6) Have permission to apply via the pre-application consultation mentioned in "3 Pre-application Consultation" below.

(7) Be able to obtain a recommendation from the president or dean of the university from which they graduated or the institution with which they are affiliated, which has research exchange activities with the Graduate School of Urban Environmental Sciences, Tokyo Metropolitan University.

[Please understand that:]

You are ineligible to apply if you are already enrolled at a Japanese language school or a university in Japan with a "Student" status of residence (including research students).

3 Pre-application Consultation

You must submit the required documents specified by the Graduate School of Urban Environmental Sciences in advance and receive permission to take the examination.

You need to notify us of your intention to apply to the Graduate School of Urban Environmental Sciences by Wednesday, February 18, 2026, through a professor whom you wish to study under.

After having given notification, the Academic Affairs Section of Urban Environmental Sciences will email you the formats for the following documents. You must submit the required documents specified by the Graduate School of Urban Environmental Sciences by email by the date given below. Eligibility screening pertaining to item number 2 (2) stated above will also be conducted during the pre-application consultation.

8 Admission Procedure, Admission Fees, Tuition Fees, etc.

(1) Admission procedure

Successful applicants are required to complete the Admission procedure through TMU admission procedure website around in the middle of February 2027. Details of the procedures will be informed when a letter of acceptance is sent. Please make sure to complete whole process. **Failure to carry out this procedure will result in your admission being refused.**

(2) Admission fees

- 282,000 yen (tentative amount)
- Admission fees are to be paid at the time of enrollment
- If admission fees are revised, the amount after the revision will be applied

(3) Tuition fees

- 520,800 yen per annum (as of academic year 2025)
- If admission fees are revised upon admission or during enrollment, the revised amount will apply
- The admission procedure documentation offers details on how to pay admission fees and tuition fees, etc.
- The university offers a full/partial tuition exemption program

(4) Scholarship system

There is a system of scholarships in support of graduate students at Tokyo Metropolitan University. You may also be eligible to receive the "MEXT Honors Scholarship for Privately Financed International Students" in some cases (which requires separate screening).

9 Enrollment period

April 1, 2027

10 The Long-Term Study System

You may be permitted to study and complete your course on a pre-planned basis for fixed periods exceeding the standard period of study (e.g., two years for the Master's program) if you wish, because of circumstances such as your occupational (*1), parental or nursing care leave commitments.

Students permitted to undertake long-term study upon admission may pay the same amount of tuition paid over the standard period of study in installments. For details, please visit the graduate school website (https://www.ues.tmu.ac.jp).

[Note]

***1 Employment is not permitted under the status of residence of "Student."**

11 About the Handling of Personal Information

Tokyo Metropolitan University handles personal information in accordance with the law as follows:

(1) The personal information you disclose when applying to the university, such as your name and address, is used during the screening of applicants (processing applications, screening and announcement of results) and for the enrollment procedure.

(2) The test results used for screening applicants may be used as reference materials for future selection methods.

12 Notes

Even after your admission has been approved, that approval will be canceled if it is judged that there was any wrongdoing either during the examination or in the application procedure.
